

# Johannes U. Lange

Departments of Physics, American University  
610-470-4833 | jlange@american.edu | johannesulf.github.io

## RESEARCH INTERESTS

---

Dark Energy, Gravitational Lensing, Galaxy Formation, Statistical Methods and Machine Learning

## POSITIONS

---

<b>American University</b> Assistant Professor	08/2024 – present
<b>University of Michigan</b> Leinweber Center for Theoretical Physics Fellow	09/2022 – 07/2024
<b>Stanford University</b> Stanford–Santa Cruz Cosmology Postdoctoral Fellow	09/2021 – 08/2022
<b>University of California, Santa Cruz</b> Stanford–Santa Cruz Cosmology Postdoctoral Fellow	09/2019 – 08/2021

## EDUCATION

---

<b>Yale University</b> M.Sc., M.Phil, Ph.D. in Astronomy	08/2014 – 08/2019
<b>Ruprecht-Karls-Universität Heidelberg</b> Master of Science in Physics	09/2012 – 08/2014
<b>Freie Universität Berlin</b> Bachelor of Science in Physics	10/2009 – 08/2012

## TEACHING

---

<b>Instructor, American University</b> Course: Data Mining and Machine Learning for Natural Sciences	Fall 2025
<b>Instructor, American University</b> Course: Changing Views of the Universe	Spring 2025
<b>Instructor, American University</b> Course: Modern Physics	Fall 2024
<b>Postdoctoral Course on STEM Teaching, University of Michigan</b> The Postdoctoral Short Course on College Teaching in STEM is a comprehensive 10-week program for postdocs to teach effectively as future faculty members.	Winter 2024
<b>Adjunct Lecturer, University of Michigan</b> Course: Naked-Eye Astronomy	Fall 2023
<b>Certificate of College Teaching Preparation, Yale University</b> The Certificate of College Teaching Preparation (CCTP) is an opportunity for graduate students to engage in a comprehensive training program in effective college teaching.	2014-2019
<b>Teaching Fellow, Yale University</b> Course: Astrostatistics and Data Mining	Spring 2016, Spring 2018
<b>Teaching Fellow, Yale University</b> Course: Introduction to Astronomical Observing	Fall 2017, Fall 2014

Teaching Fellow, Yale University

Fall 2015

Course: Introduction to Cosmology

Teaching Fellow, Yale University

Spring 2015

Course: Gravity, Astrophysics, and Cosmology

## ADVISING

---

<b>Simona Sotiri (undergraduate)</b>	2025-present
Topic: The Lensing-is-Low Problem in FLAMINGO	
<b>Henry Gray (undergraduate)</b>	2025-present
Topic: The Dependence of Assembly Bias on Galaxy Properties	
<b>Alisun Coldiron (undergraduate)</b>	2025-present
Topic: Galaxy-Halo Connection in FLAMINGO	
<b>Abigail Fisher (undergraduate)</b>	2025-present
Topic: Photometric Redshift Calibration	
<b>Alexandra Wells (undergraduate, co-adviser)</b>	2024-2025
Topic: Cosmology from Non-Linear Scales	
<b>Alexandra Doytcheva (undergraduate)</b>	2023-2024
Topic: Galaxy Clustering and Control Variates	
<b>Filomela Gerou (undergraduate)</b>	2022-2024
Topic: Galaxy Clustering and Control Variates	
<b>Gilad Pifko (undergraduate)</b>	2022-2023
Topic: Relationship between Galaxy and Dark Matter Halo Size	
<b>Simon Wu (undergraduate)</b>	2022-2023
Topic: Gravitational Lensing Contribution from Subhalos	
<b>Garv Shah (undergraduate)</b>	2022-2023
Topic: Boosting Importance Nested Sampling with Neural Networks	
<b>Juliana Karp (undergraduate)</b>	2022-2023
Topic: Anisotropic Satellite Galaxy Quenching	
<b>Diana Blanco (graduate, co-adviser)</b>	2021-2025
Topic: Photometric Redshift Calibration	
<b>Enia Khakaj (graduate, co-adviser)</b>	2019-2023
Topic: Gravitational Lensing

## INVITED TALKS

---

<b>Astronomy Seminar</b>	05/2025
Carnegie EPL	
<b>Cosmology Seminar</b>	04/2025
University of California, Berkeley	
<b>CTC Seminar Series</b>	03/2025

University of Maryland	
<b>Physics Colloquium</b>	04/2024
University of Hawaii	
<b>ITP Cosmology Seminar</b>	12/2023
Ruprecht-Karls-Universität Heidelberg	
<b>Frontiers of Nested Sampling Workshop</b>	07/2023
42nd International Workshop on Bayesian Inference and Maximum Entropy Methods in Science and Engineering	
<b>Webinar Series</b>	06/2023
National Observatory in Rio de Janeiro	
<b>Early Career Researcher Cosmology Seminar</b>	11/2022
Korea Astronomy and Space Science Institute	
<b>HEAP Seminar</b>	12/2021
University of Utah	
<b>Astronomy Colloquium</b>	09/2021
Swinburne University of Technology	
<b>Growth of Structure Webinar</b>	07/2021
University of California, Santa Cruz	
<b>Growth of Structure Webinar</b>	06/2021
University of California, Santa Cruz	
<b>Research Progress Meeting</b>	01/2019
Lawrence Berkeley National Laboratory	
<b>CCAPP Seminar</b>	01/2019
Center for Cosmology and AstroParticle Physics	
<b>BCCP Seminar</b>	09/2018
University of California, Berkeley	
<b>The Galaxy-Halo Connection Across Cosmic Time</b>	07/2017
Kavli Institute for Theoretical Physics	

## OUTREACH

---

Public Observing Nights at AU, Washington, DC	2024 - present
KIPAC Public Lecture, Palo Alto, CA	07/2022
Class at Stanford Splash, Palo Alto, CA	11/2021
Talk at Astronomy on Tap, New Haven, CT	06/2019
Talk at Institute for Learning in Retirement, New Haven, CT	04/2019
Talks at Leitner Family Observatory, New Haven, CT	02/2018, 05/2019
Talks at Open Labs Science Cafe, Yale University, New Haven, CT	10/2017, 04/2019
Member of Open Labs, Yale University, New Haven, CT	2016 - 2019
Tutor at New Haven Reads, New Haven, CT	2015 - 2018
Member of UCSB Physics Circus, UC Santa Barbara, Santa Barbara, CA	2012

## HONORS AND AWARDS

---

Brouwer Ph.D. Thesis Prize, Yale University  
 Cosmology Fellowship, UC Santa Cruz and Stanford University  
 Graduate Fellowship Program, Kavli Institute for Theoretical Physics  
 Henry A. Smith Fellowship, Yale University

DAAD (German Academic Exchange Service) Scholarship  
Deutschlandstipendium National Scholarship Program  
Ernst Reuter Scholarship, Free University of Berlin

## LEADERSHIP ROLES

---

Co-Chair of the NASA Cosmic Structure Science Interest Group	2025 - present
Co-Chair of the DESI desilike Topical Group	2024 - present
Co-Chair of the DESI C <sup>3</sup> Working Group	2022 - 2024

## COMMITTEE MEMBERSHIP

---

Stanford Physics Equity & Inclusion Committee	2021 - 2022
DESI Professional Development Mentoring Program	2021 - present
DESI Early Career Scientists Committee	2021 - 2022
UCSC Astronomy Department Colloquium Committee	2019 - 2020
Yale Graduate Admissions Committee	2018 - 2019

## REVIEWER SERVICE

---

Astronomy & Astrophysics  
Monthly Notices of the Royal Astronomical Society  
The Astrophysical Journal  
Journal of Cosmology and Astroparticle Physics  
DESI Internal Reviewer  
National Science Foundation

## SCIENTIFIC ORGANIZING COMMITTEES

---

NASA's Physics of the Cosmos Early Career Workshop	09/2025
KICP Workshop	08/2023
Lensing at Different Scales: Strong, Weak, and Synergies Between the Two	
Michigan Cosmology Summer School 2023	06/2023
KITP Online Conference	08/2020
The Galaxy-Halo Connection Across Cosmic Time: Recent Updates	
KIPAC Online Workshop	07/2020
Precision Measurements and Modeling of Lensing and Clustering in the DESI Era
