

Johannes U. Lange

University of Michigan LCTP Postdoctoral Fellow
610-470-4833 | julange.astro@pm.me | johannesulf.github.io

RESEARCH INTERESTS

Cosmology, Galaxy-Halo Connection, Galaxy Formation, Statistical Methods and Machine Learning

EDUCATION

Yale University M.Sc., M.Phil, Ph.D. in Astronomy Thesis Advisor: Frank van den Bosch	08/2014 – 08/2019
Ruprecht-Karls-Universität Heidelberg Master of Science in Physics	09/2012 – 08/2014
Freie Universität Berlin Bachelor of Science in Physics	10/2009 – 08/2012

POSITIONS

University of Michigan Leinweber Center for Theoretical Physics Fellow	09/2022 – present
Stanford University Stanford–Santa Cruz Cosmology Postdoctoral Fellow	09/2021 – 08/2022
University of California, Santa Cruz Stanford–Santa Cruz Cosmology Postdoctoral Fellow	09/2019 – 08/2021

FIRST-AUTHOR PUBLICATIONS

INVITED TALKS

Early Career Researcher Cosmology Seminar
Korea Astronomy and Space Science Institute

11/2022

HEAP Seminar University of Utah	12/2021
Astronomy Colloquium Swinburne University of Technology	09/2021
Growth of Structure Webinar (Redshift-Space Distortions) University of California, Santa Cruz	07/2021
Growth of Structure Webinar (Lensing + Clustering) University of California, Santa Cruz	06/2021
Research Progress Meeting Lawrence Berkeley National Laboratory	01/2019
CCAPP Seminar Center for Cosmology and AstroParticle Physics	01/2019
BCCP Seminar University of California, Berkeley	09/2018
The Galaxy-Halo Connection Across Cosmic Time Kavli Institute for Theoretical Physics	07/2017

TEACHING

Certificate of College Teaching Preparation, Yale University The Certificate of College Teaching Preparation (CCTP) is an opportunity for graduate students to engage in a comprehensive training program in effective college teaching.	2014-2019
Teaching Fellow, Yale University Course: Astrostatistics and Data Mining Responsibilities: Designed and delivered weekly 45-minutes hands-on coding training for small groups of students. Also graded problem sets and wrote corresponding solutions.	Spring 2016, Spring 2018
Teaching Fellow, Yale University Course: Introduction to Astronomical Observing Responsibilities: Mentored small student groups during regular astronomical observing labs at Yale Leitner Family Observatory. Also evaluated lab reports submitted by students.	Fall 2017, Fall 2014
Teaching Fellow, Yale University Course: Introduction to Cosmology Responsibilities: Designed and delivered weekly active learning-centered discussion sections for small groups of students. Also graded problem sets and exams.	Fall 2015
Teaching Fellow, Yale University Course: Gravity, Astrophysics, and Cosmology Responsibilities: Graded homework and mentored students for final project.	Spring 2015

ADVISING

Gilad Pifko (undergraduate) Topic: Relationship between Galaxy and Dark Matter Halo Size	2022-present
Simon Wu (undergraduate) Topic: Gravitational Lensing Contribution from Subhalos	2022-present

Garv Shah (undergraduate)	2022-present
Topic: Boosting Importance Nested Sampling with Neural Networks	
Juliana Karp (undergraduate)	2022-present
Topic: Satellite Galaxy Quenching by Supermassive Black Holes	

OUTREACH

- Invited KIPAC Public Lecture, Palo Alto, CA, 07/2022
- Class at Stanford Splash, Palo Alto, CA, 11/2021
- Talk at Astronomy on Tap, New Haven, CT, 06/2019
- Talk at Institute for Learning in Retirement, New Haven, CT, 04/2019
- Talks at Leitner Family Observatory, New Haven, CT, 02/2018 and 05/2019
- Talks at Open Labs Science Cafe, Yale University, New Haven, CT, 10/2017 and 04/2019
- Member of Open Labs, Yale University, New Haven, CT, 2016 - 2019
- Tutor at New Haven Reads, New Haven, CT, 2015 - 2018
- Member of UCSB Physics Circus, UC Santa Barbara, Santa Barbara, CA, 2012

HONORS AND AWARDS

- Brouwer Ph.D. Thesis Prize, Yale University
- Cosmology Fellowship, University of California, Santa Cruz and Stanford University
- Graduate Fellowship Program, Kavli Institute for Theoretical Physics
- Henry A. Smith Fellowship, Yale University
- DAAD (German Academic Exchange Service) Scholarship
- Deutschlandstipendium National Scholarship Program
- Ernst Reuter Scholarship, Free University of Berlin
- Dean's List, University of California, Santa Barbara

LEADERSHIP AND SERVICE

- Referee for Astronomy & Astrophysics, Monthly Notices of the Royal Astronomical Society, and The Astrophysical Journal
- Co-Chair of the Dark Energy Spectroscopic Instrument (DESI) C³ Working Group, 2022 - present
- Reviewer for the National Science Foundation, 2022
- Member of the Stanford Physics Equity & Inclusion Committee, 2021 - 2022
- Member of the DESI Early Career Scientists Committee, 2021 - 2022
- Mentor for the DESI Diversity, Equity, and Inclusion Mentorship Program, 2021 - present
- Organizer for the KITP Online Conference "The Galaxy-Halo Connection Across Cosmic Time: Recent Updates", 08/2020
- Organizer for the KIPAC Online Workshop "Precision Measurements and Modeling of Lensing and Clustering in the DESI Era", 07/2020
- Member of the UCSC Astronomy Department Colloquium Committee, 2019 - 2020
- Member of the Yale Graduate Admissions Committee, 2018 - 2019
